

2018 IN NUMBERS

Dear partner, sponsor and friend,

We would like to start with a Thank you. Thank you for being our partner, sponsor and friend a long the way during our journey towards the creation and realisation of hundreds of dreams; the dreams of our children, their families, our volunteers and everyone that is connected with our Foundation. It all started with one dream and we proudly look back at what we have accomplished so far.

2018 was a good year. A year of reflection, maintenance, challenges and, most importantly, a huge number of dreams. This would not be possible without your help. Your contribution, in any kind of way, brought many closer to their dreams.

In this year report we would like to give you the insights of the impact we have made last year. It is only the beginning and we look forward to continue our journey towards many dreams, together with you. Thank you for holding our hands.

Regards, Jenny Tjoa & Georges Hilaul
